

# ROBOTISED CASE LOADING

▶ **HIGH OUTPUT:**

Integration of Delta robots which can reach a single-product-handling output of 120 products/minute.

▶ **CUSTOMISED:**

Our case packing processes are adapted to your cases: stackable board tray, RSCs, shelf-ready etc.

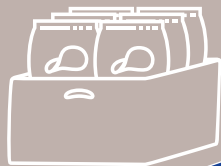

▶ **ADAPTED:**

All types of packaging: trays, sachets, pouches etc.

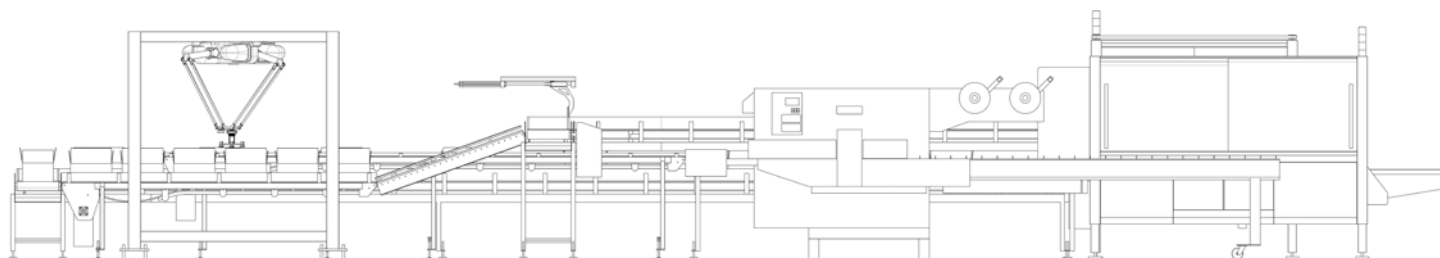

▶ **FLEXIBLE:**

Vertical, horizontal, quincunx and layered arrangement patterns etc.
